ELECTRIC FIREPLACE

The most realistic look in electric fireplaces

- The most natural-looking fire in an electric fireplace
- Beautiful masonry-look interior
- A cost-effective alternative when gas or wood is not a viable option
- Easy installation—just plug it in

Above: The Simplifyre 26 Media Cabinet Package combines two of the most desired features of today's homeowners: fireplace and a home theater. The clean, beautiful black enamel finish will complement any style décor. Concealed storage with adjustable wood shelving lets you store your favorite media, accessories, or other items.

Left: No venting. No gas lines. The Simplifyre optional glass front brings you flexibility and style that is only limited by your imagination. Black enamel finished frame and gray tinted glass create a unique, portrait-style installation.

Cover: Simplifyre 35 electric fireplace with the Brentwood Cabinet, finished in red cherry stain and featuring a black marble inlay on top of the cabinet.
